R. F. D. No. 2, Enosburg Falls, Vt. -"My eczema began by a pimple on my chin. It then spread to my face and neck and ears. The pimples were small and they festered. The eczema itched and burned so I scratched and

it made raw sores. On account of the irritation I could not sleep much. It caused great disfigurement and it caused pain.

I underwent two treatments but they failed to help me so I took

two bottles of blood purifier but got no help. The trouble had lasted about two months. I then thought I would try Cuticura Soap and Ointment. After using the Cuticura Soap and Ointment a week my eczema began to heal. I washed the eczema with the Cuticura Soap and then put on the Cuticura Ointment. One cake of Cuti-cura Soap and one box of Cuticura Ointment cured me and at the end of five weeks I did not have a scar." (Signed) Miss Mabel Gilman, May 2, 1913.
